

TRIBRACH & ADAPTORS

COMPATIBLE WITH ALL MAJOR PRISM SYSTEMS

HORIZON offers a complete range of regular, Laser and Optical Plummet equipped Tribrach and Tribrach Adaptors. These accessories are fully compatible with all types of Prism Systems, and interchangeable with all other Tribrachs and Adaptors.

HORIZON presents the new Premium Tribrachs, HDF21 and HDF22. These are superiorly constructed quality products, made with the quality-conscious user in mind. Built to impress, these Tribrachs will satisfy the most demanding user.

Various types of Adapters

HORIZON has a full range of Adapters to make our Poles and Prisms fully intergratable into whatever existing system you already have.

This takes away any worries you have of compatibility with any major brands.
